

3 colored check-weighing lights

IP67 Dustproof & Waterproof

Adjustable indicator

CK200 SERIES

Bench Scale

CAS CK200 series is designed for static check-weighing operations along with other bench weighing applications from general purpose to wash-down. Suitable for use in wet and harsh industrial environments due to its fully stainless steel construction that offers durability and cleanliness.

- IP67 Dustproof & Waterproof
- All stainless steel construction (SUS Indicator & Loadcell)
- Highly-legible LED display
- 3 colored check-weighing lights(CK200SC)
- Built-in rechargeable battery

CK200SC

CK200S

CK200 SERIES | Bench Scale

3 colored check-weighing lights (CK200SC)

3 different colored lights indicate the comparison results of UNDER (yellow), OK (green) and OVER (red) for a fast and effective check-weighing result verification.

Waterproof connector & Rechargeable battery

Waterproof power and RS-232 cables allow the CK200 series to be safely used in wet environments. Easily connect and disconnect the cables, this along side its built-in battery allows the scale great mobility.
